To the Girls.

Miss Gertrude Kirk of Neosho writes: "I wish to express to you the pleasure I experience in the possession of the beautiful Hamilton piano awarded to me by the judges in the Miners' and Mechanics' Popular Girl Contest just recently closed. An unexpected and gratifying result was the discovery of many friends formerly unknown to me. I must say that I enjoyed the work immensely and gained a valuable experience as well."

The piano we will give away will be a good one. Not a common one, but one that has taken World's Fair prizes.

Notice our advertisement in full and read the rules many times.

It will be so hard to make the start, and so easy to get the subscriptions after you start.

This contest will run until some time in May and everybody has a chance to win a prize.

We will send you as many sample copies as you order each week.

See our list of judges at bottom of piano ad.

The Piano Contest we have inaugurated is confined solely to this county, and some girl in this county will get a fine piano and a number of other girls will get other valuable prizes, and all the girls who take part will get an experience that will do them good. So throw aside false pride and get to work.

Come in or write for instructions of anything you don't understand.

The prizes will be given in the order of their value. For instance, the girl getting the greatest number of votes will get the piano; the girl getting second highest the fine diamond ring, etc.

You should write us or call in at least once a week so that we may begin sending the paper to the subscribers.

Bring in your photo and we will publish it in its order so that your friends may know that you are in the race.

Write all your friends at a distance and tell them to help you out by subscribing for the HERALD.

If you have not been doing much personal work and you see a good vote opposite your name, you can conclude that you have friends working for you. They have noticed your name among the list of contestants and as they knew you, you got their votes. Now, if your friends want to see you win what should you want? If encouragement is what you want you certainly have it. Why not see what you can do by the 21st.

We would like for all of the contestants to come to the HERALD office the first opportunity, and we will explain the contest matter so you can work to the best advantage.
